## Call for Workshop Presentations

**DEADLINE EXTENDED: November 12, 2024**

### Paving the Way to Health Care Access Conference

**June 6 & June 7, 2025**

UMass Boston, 100 Morrissey Blvd. Boston, MA 02125

The Massachusetts Medical Interpreter Training program invites you to submit a presentation proposal for the 20th Annual Paving the Way to Health Care Access Conference.

This year's theme is: **Bridging Language, Trust, and Advocacy**

The medical encounter can be simple or complex, and with proper communication from a certified and qualified medical interpreter, the patient can communicate their clinical concerns, understand the clinical professional, and raise all concerns. Whether the medical interpretation is delivered in person or remotely, the human element can be present. No matter the modality of delivery, all encounters must be built on the elements of bridging language, building trust, and advocating as necessary to provide safe, quality interactions between patients and providers of care.

Presentation proposals can be in any of the following areas:

- Language access and LEP patients' rights
- Medical terminology and healthcare concepts
- Interpreting in specific medical specialties
- Culturally and linguistically appropriate healthcare services
- Skills needed for and challenges on interpreting in medical setting
- Interpreting skills in simultaneous mode
- Work benefits or challenges for contract, freelance, and staff interpreters, translators, and bilingual employees
- Applications of technology that improve access to care, interpreter training, and on-the-job tools for working interpreters
- Healthcare interpreting for ASL interpreters
- Interpreter health and wellness

Presenters will receive a complimentary conference registration as an honorarium.

Please complete this form to submit your proposal and send it to Lisa Morris at [PTWSupport@umassmed.edu](mailto:PTWSupport@umassmed.edu).

**Deadline for submission of your proposal to present is November 12, 2024**

*Supported by MassHealth and ForHealth Consulting at UMass Chan Medical School,  
333 South Street, Shrewsbury, MA 01545*
